## Spill Kits, Spill Pallets & Absorbents

# Oily Water Separators

## Bio Tubes

An astonishingly simple biological product that will reduce separator oil discharges by up to 95%

Simply place 3 Bio Tubes in your separator.

They will immediately absorb any free surface oil. The aerobic bacteria contained in each Bio Tube will then digest up to 6kg of oil per week for 6-8 months!

Place an oil absorbing biologically active Bio Tube in your oily water separator and you have a workforce of millions on your side.

Each Bio Tube contains a blend of naturally occurring oil specific bacteria that will digest their way through up to 2kg of oil a week – every week.

- Environmentally Friendly
- Digests free surface oil releasing merely harmless CO<sub>2</sub> and Water.
- The biological solution that reduces oil discharges from oily water separators by **up to 95%**.
- Maintenance free and helps reduce clean out costs.

**Application** - For use in industrial separators, bunds and oily water run offs.

Simply place one Bio Tube in second chamber, place 2 Bio Tubes in third chamber and replace every 6-8 months.

### European Approvals

- Tested by the UK Environmental Agency with the conclusion that: **Bio Tubes digest up to 95% of diesel oil without any harmful or toxic bi-products.**
- Tested by the Swiss Federal Laboratories on a 1:1 mix of lube oil/diesel in water and found that: **Bio Tubes exceeded the Swiss oil degradation target of 30 days by 60%.**
- Tested by a major European Forecourt chain and found that: **Bio Tubes reduce oil discharges from an average of 500mg/Ltr to 19 mg/Ltr – a reduction of +95%.**

### Available in two pack sizes:

3 Per Box

£100

6 Per Box

£195

Bio Tube

# Waste Oil Bunded Tanks

Waste Oil Tanks – ideal for convenient, leak-free, safe storage of waste oil.

The tanks are suitable for use in industry, garages, civic amenity sites, scrap processing sites, harbours, docks and marinas.

- Integrally bunded with 110% overspill capacity
- Guaranteed for 10 years
- Manufactured from top quality polyethylene – rust free & leak free
- Tough, robust design
- Competitively priced
- Easily installed – no groundwork required
- Meets current Local Authority requirements
- No outlets through the bund

### Special features include:

- Large tun dish holding more than 20 litres to prevent overspill
- Filter to prevent the entry of rags and rubbish
- Lockable lid

### Available in two sizes:

#### 300 gallon tank (1350 litres)

Capacity: 1350 litres  
Length: 1945 mm  
Width: 1270 mm  
Height: 1275 mm

£900

#### 600 gallon tank (2500 litres)

Capacity: 2500 litres  
Length: 2530 mm  
Width: 1430 mm  
Height: 1430 mm

£1000

# SPC Slikstopper

The best way to seal off drains and keep spills out!

- Yellow colour for high visibility.
- Chemical resistant: flexible PVC resists water, oil and many chemicals.
- Re-usable after cleaning with soap and water.
- Works best on smooth surfaces.

Part No.	Description	Packaging	Price ( £ )
PVC18	SLIKSTOPPER, 46cm x 46cm	1/box	<b>143.75</b>
PVC24	SLIKSTOPPER, 61cm x 61cm	1/box	<b>211.00</b>
PVC36	SLIKSTOPPER, 92cm x 92cm	1/box	<b>369.50</b>
PVC42	SLIKSTOPPER, 107cm x 107cm	1/box	<b>430.00</b>

**Handy Bag - Allows you to carry the Slikstopper right to the spill.**

Part No.	Description	Packaging	Price ( £ )
BAG PVC18	SLIKSTOPPER, 20cm x 60cm	1/box	<b>28.00</b>
BAG PVC24	SLIKSTOPPER, 20cm x 80cm	1/box	<b>34.50</b>
BAG PVC36	SLIKSTOPPER, 25cm x 110cm	1/box	<b>46.25</b>
BAG PVC42	SLIKSTOPPER, 25cm x 130cm	1/box	<b>61.25</b>

# Spill Kit - Bags

Cost effective, easy to use solutions that offer fast local response for the unexpected **small spill**.

Simply select the Spill Bag from our range below. All are available for **Oil and Non Aggressive Chemicals**

- Easy to store - Vehicle, Forklift or wall mounted.
- Easy to deploy - Weatherproof zipped re-usable bag.
- Easy to refill - Clear view panel on bag shows when refill is required.

## 40 Litre Spill Bag

### Contents

- 20 Pads, 41 x 51cm
- 4 Socks, Ø 7.6 x 122cm
- 1 Pair of Gloves
- 2 Disposal Bags c/w ties
- 1 Re-usable Zipper Bag

Oil Only **£ 66.00**

MRO **£ 80.00**

## Mobile Spill Kits

For fast spill response anywhere in the plant.

Simply select the Mobile Spill Kit from our range below. All are available for **Oil and Non Aggressive Chemicals**.

- For medium sized spills.
- Weather-resistant polyethylene container protects sorbents against dirt, moisture and damage.
- Hinged lid provides easy access to the products.
- Wheels allow excellent mobility in and outdoors.

## 240 Litre Mobile Spill Kit

### Contents

- 150 Pads, 41 x 51cm
- 4 Socks, Ø 7.6 x 122cm
- 10 Pillows, 46 x 46cm
- Spill Magnet, 1 x 5Kg
- 1 Pair of Gloves
- 10 Disposal Bags c/w ties
- 1 Warning Sign

Oil Only **£ 299.50**

MRO **£ 448.75**

# Spill Pallets

Ideal platforms for indoor storage of 200L drums.

Designed to offer full compliance to the Oil Storage Regulations. Exceeds EA Guideline PPG26 - "The sump must be able to hold 110% of the largest container stored, or 25% of the total volume.

## Features & Benefits:

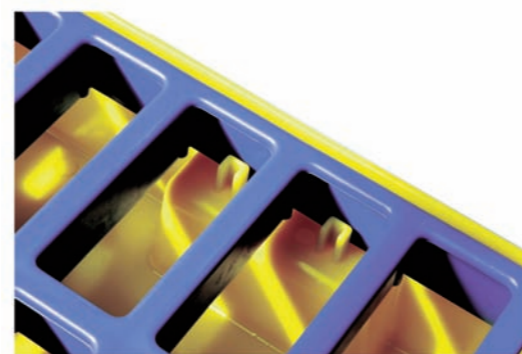

Both 2-drum and 4-drum spill pallets are the same height - thus allowing for easy transfer of drums from one pallet to the other.

**Forklift & Pallet Truck Friendly:**  
Easy to relocate pallets via forklift and pallet truck.

**Grates:** Can be interchanged between the pallets and offer large openings to remove spills.

Part No.	Description	External Dimensions	Sump Cap	Load Cap.	Weight	
SC-DP2	Spill Pallet, 2-drum	66(W) x132(L) x 43(H)cm	260 Litres	1136Kg	21Kg	£298.00
SC-DP4	Spill Pallet, 4-drum	132(W) x 132(L) x 43(H)cm	510 Litres	2273Kg	40Kg	£362.50

# Absorbents

Oil Technics offers spill contractors an ex-stock range of pads, rolls, socs and booms together with Spill Kits and oil containment products.

## ENV 100

Absorb up to 24 X their weight in oil – the most absorbent pad per kilogram on the market. With MAXX technology less material is needed to pick up the same amount of oil, which results in lower disposal costs! Ideal for environmental and industrial applications where low costs and high absorbency are required.

£55

## GP 100

MAXX GP pads with new MAXX technology, absorb up to 18 times their weight. They can be used with a variety of industrial liquids, including oils, water, solvents and coolants.

£67

## OIL 412

Oil only socs. The ideal sorbent for absorbing leaks and spills around machines. Suitable for oil and petroleum based liquids.

£74

## AW 412

Allwick socs are ideal for absorbing leaks and spills around machines. Suitable for a variety of industrial liquids, including oils, water, solvents and coolants.

£110

## OIL 1818-2

Oil only pillows. Ideal for absorbing spills and leaking fluids in tight spaces and under persistent drip sources. Suitable for oil and petroleum based liquids.

£100

## ALLWICK PILLOWS - AW 1818-2

Absorbs spills and leaking fluids in tight spaces and under persistent drip sources. Suitable for a variety of industrial liquids, including oils, water, solvents and coolants.

£99
